

SUBJECT: ICE0400/5/6 SERIES EXPANSION VALVE CHANGE

Number: 07-16
Product: Cuber
Date Issued: December 2007
From: Technical Service

A change has been implemented regarding the expansion valve on the ICE0400 Series cube ice machine. Ice-O-Matic is now utilizing a Danfoss manufactured valve, which will replace the Alco manufactured valve. This supplier change was implemented on November 21, 2007, and will affect units manufactured beginning with serial number **07111280012591**.

<u>Model Number</u>	<u>Part Number</u>	<u>Manufacture</u>
ICE0400 A/W	9151149-01	Danfoss
ICE0405 A/W	9151149-01	Danfoss
ICE0406 A/W	9151149-01	Danfoss

This Danfoss manufactured expansion valve can replace any Alco manufactured expansion valve used on the ICE0400/5/6 Revision 3 and 4 series cubers.

NOTE: ICE0400 units that are revision 1 or 2 (Sporlan manufactured valve) **cannot** use the Danfoss manufactured valve.

<u>Model Number</u>	<u>Alco Valve Part Number</u>	<u>Replacement Danfoss Valve Part Number</u>
ICE0400/5/6	9151134-01	9151149-01
	9151134-02	9151149-01
