RESIDENTIAL WARMING DRAWERS

FEATURES

- Electronic controls hidden behind the front panel are kitchen-design friendly
- One-touch controls presets, adjustable drawer temperatures and on-times
- Easy-to-read digital display of time and temperature simplifies programming
- Automatic shut-off at end of cycle helps save energy
- Adjust, Add and Remove function keys make memory programming easy
- Sabbath mode for up to 84 hours of hands-free operation
- Four radiant heaters take the drawer from 70°F to 140°F in 4 minutes and to 190°F in 9 minutes
- Heaters are easy to replace and unit continues to function, creating a "safe-landing" should one or more heaters fail during operation
- Two convection fans hold the drawer at a uniform temperature to +/- 1°F accuracy
- Drawer capacity is proportional to product width, larger models have a larger drawer (30" and 36" only)
- Best quality Triple-Play cabinet slides keeps the drawer from wobbling, even when fully open
- Low sides on drawer make loading and unloading easy and clean-up a snap
- Integrated model available (IRWD) so you can use a matching drawer front to blend in with your kitchen cabinets.

SPECIFICATIONS

- Electronic control of time and temperature
- Standard kitchen cabinets widths
- Three-slides on the drawer for increased stability
- Timed, Continuous and Sabbath modes
- Four infrared heaters & two convection fans standard in all models
- Design protected under U.S. Patent 7,166,821

ACCESSORIES
