STAINLESS STEEL included with range

SOFT CLOSING DOOR with cool touch ensures the oven door is cool even when self-cleaning

XL CAPACITY OVEN
4.4 cu/ft (30”)
5.7 cu/ft (36”)

INDUCTION COOKTOP

HIGH EFFICIENCY
80% of input energy is transferred to cookware

ROOSTER FAST BOIL
Function to rapidly boil water

SOLID BRASS BURNER RINGS ensure uncompromising performance, durability and class

POT DETECTION SYSTEM burners will not turn on if cookware is not present

TRUE DUAL CONVECTION
Two dedicated fans operate simultaneously to offer unparalleled convection baking results

AUTOMATIC REIGNITION if a flame goes out the burner automatically reignites, no thermocouple needed

TELESCOPIC RACK with chrome finish

FULL GAS

FAST PRE-HEAT achieve 325°F in the 30” model in as little as 7 minutes

INDUCTION

HIGH EFFICIENCY
80% of input energy is transferred to cookware

BOOSTER FAST BOIL function to rapidly boil water

EVERY BURNER has dual flames and can achieve a true low simmer up to a maximum 18,000 BTU/hr

SOLID BRASS BURNER RINGS ensure uncompromising performance, durability and class

AUTO REIGNITION if a flame goes out the burner automatically reignites, no thermocouple needed

CHOOSE YOUR SHADE
Optional door kits are available in a variety of colors.
