

Headboard/Footboard Brackets

Contains Two (2) Brackets and Hardware

IMPORTANT NOTE:

Carefully remove all the parts from the carton. Arrange on a flat surface and verify you have all of the following parts and hardware.

TOOLS REQUIRED:

Phillips Screwdriver

PART AND HARDWARE LIST

A. Headboard Bracket
(2 pcs)

B. Support Bar
(2 pcs)

C. 1 3/4" Screw
(6 pcs)

D. Washer
(10 pcs)

E. Wing Nut
(6 pcs)

F. 1" Screw
(4 pcs)

ASSEMBLY INSTRUCTIONS

STEP 1

Hang the bracket (Part A) on the corner of the frame for the desired width of your headboard. Secure the bracket to the frame with 3 long screws (Part C), 3 washers (Part D) and 3 wing nuts (Part E). Hand-tighten the wing nuts. Do not fully tighten to allow for side-to-side adjustment of the bracket.

STEP 2

Install the support bar (Part B) using 2 short screws (Part F) and 2 washers (Part D). Fully tighten all screws and wing nuts to solidly secure the bracket to the frame.

Repeat the steps for the second bracket. Attach your headboard to the brackets with the hardware that came with your headboard (not included).
