

# BERTAZZONI PROFESSIONAL SERIES

## 30" CONVECTION STEAM OVEN

### PRO CS30 X

#### HIGHLIGHTS

- Bertazzoni ovens use stainless steel metal knobs to select cooking modes and temperature, while the intuitive interface lets users program time and other functions.
- The European convection system ensures even roasting and baking on multiple levels with no flavor crossover.
- All Bertazzoni ovens install flush with the cabinet doors and integrate seamlessly with specialty ovens and warming drawers in both vertical and horizontal combinations.

# INSTALLATION INSTRUCTIONS

## PRO CS30 X

---

The minimum gap between the kitchen cabinet upper or lower panel and the appliance is 1/8. This dimension must be added to the height listed in the drawings

For any combinations of built-in models, please see related installation drawings

---

Bertazzoni recommends to operate the appliance after it has been installed in a cabinet. The kitchen cabinets shall be made of materials capable of withstanding temperatures at least 117°F (65°C) above room temperature in order to avoid possible damage to the cabinets during oven usage. For further installation instructions refer to the installation manual.
