

BLACK FLOATING GLASS 30" JX3™ ELECTRIC DOWNDRAFT COOKTOP

JED3430GB

Signature Features

JX3™ DOWNDRAFT VENTILATION SYSTEM WITH 3 SPEEDS

Developed and refined by the Jenn-Air brand, a downdraft ventilation system uses proximity ventilation to capture smoke, steam and odors at the cooking surface, whisking them down and out of the kitchen before they can escape.

COLOR-COORDINATING DIE-CAST METAL KNOBS

Robust, die-cast metal knobs offer precise control and color-coordinate with either the Euro-Style Stainless or Black design of these cooktops.

PERIMETRIC EXTRACTION

This sophisticated design is not only attractive, it is the secret behind the ventilation system's exceptional performance and quiet operation.

DURAFINISH® GLASS PROTECTION

DuraFinish® Glass Protection helps keep your ceramic glass cooktop's surface looking like new by resisting scratching.

10"/6" DUAL-CHOICE™ ELEMENT (3,000 WATT)

This two-tiered single element accommodates various-sized cookware in one location and can achieve an output of 3,000 watts when both elements are active.

CONVERTIBLE TO DUCT-FREE VENTILATION

Keep the view from your kitchen open and free from ductwork with this optional kit that allows conversion to duct-free ventilation.

Technical Specifications

Configuration and Overview

- Size: 30 in
- Cooktop Type: Downdraft
- Fuel Type: Electric Radiant
- LP Convertible: No
