Key Features & Benefits

Third Level Rack

Take advantage of 35% more rack space** to load more dishes and get extra room for hard to fit items.

TotalCoverage Spray Arm

Cleans with twice the jets† for more coverage while a smarter sequence of spray patterns from multiple nozzles hits your dishes with increased water pressure.

Sensor Cycle

Automatically get the right wash and dry settings for each load with two sensors that measure temperature, soil level and load size during prewash and the wash cycle.

*Per IEC standards. **Compared to Whirlpool® dishwashers without a third level rack. †Compared to Whirlpool® dishwashers without TotalCoverage spray arm. NOTE: Dimensions are for planning purposes only. For complete details, see Installation Instructions packed with product. Specifications subject to change without notice.
