

Whirlpool Model: WG1202XH

1/2 HP In-Sink Disposer

Color Other

Product Description

This 1/2-HP in-sink disposer works effortlessly and efficiently. It features continuous feed operation to help minimize jamming. Food is reduced to fine cuttings and whisked down the drain without the need to pause and check for clogging. An overload protector with manual reset is built in to keep your food disposal process effortless. Food waste disposal is fast, tidy, and easy.
