

EURO-STYLE 30" DUAL-FUEL DOWNDRAFT RANGE

Signature Features

DOWNDRAFT VENTILATION

Developed and refined by JennAir®, downdraft ventilation uses proximity ventilation to capture smoke, steam and odors at the cooking surface, whisking them down and out for a fresher, cleaner kitchen.

DURAFINISH™ PROTECTION

With excellence in every detail, DuraFinish™ Protection keeps your cooktop's surface looking like new, resisting yellowing, staining and scratching.

TELESCOPING GLIDE RACK

This roll-out rack lets you easily position and remove dishes.

DUCT-FREE FILTER KIT

Filter included with the duct-free kit that captures smoke, grease and moisture, and allows air to travel through the filter without a loss of air efficiency. The filter also has a replacement indicator.

17,000-BTU BURNER

This 17,000 BTU burner can handle high-powered cooking while still being gentle enough for delicate simmering.

BRASS BURNERS

Brass burners add durability and elegance to the cooking surface.

TRUE CONVECTION

True convection uses a heating element behind the convection fan in addition to the bake and broil elements to provide even heat distribution throughout the oven.

Technical Specifications

Configuration and Overview

Size: 30 in

Fuel Type: Dual Fuel

Range Type: Slide-in

Prop 65: Standard

UL: UL

ADA Compliant: ADA Height and Operation Compliant

Appearance

Handle Material: Metal

Door Type: Metal & Glass

Handle Color: Stainless Steel

Handle Type: Towel Bar
