

Amana Model: NGD5800HW

7.4 cu. ft. Front-Load Dryer with Sensor Drying

Color White

Product Description

This 7.4 cu. ft. Amana® Front-Load Dryer uses Sensor Drying to detect how much moisture is left, so the cycle ends when it needs to, helping to prevent overdrying. It features four temperature settings to help meet the needs of every load. And, with 7.4 cu. ft. capacity, you can take on large loads.
