*Samsung is the only company to win an ENERGY STAR Corporate Commitment Award since 2012. Samsung is the only appliance manufacturer to win an ENERGY STAR Product Brand Owner Sustained Excellence Award and also gain recognition for energy efficient operations through the Partner of the Year Energy Management Award in 2022. Samsung has also won four ENERGY STAR Emerging Technology Awards since 2011.

**The State of Florida is offering an exemption on retail sales tax on certain qualifying ENERGY STAR appliances that fall within certain price ranges; determination of whether an appliance purchase falls within the exemption price range depends on various factors including retailer's price and the applicability of rebates, retailer discounts and the billing of certain add-ons and extras (e.g., delivery and installation). To determine if your purchase qualifies, check with your retailer/sales associate, see floridarevenue.com, or both.
